CARTO System Cable

CAUTION: Read the instructions carefully before using the product.

DEVICE DESCRIPTION

The CARTO System Cable is a component of the iCONNECT System. The cable offers the ability to use the CARTO® 3 System in conjunction with the iCONNECT System.

INSPECTION BEFORE USE

This cable is provided non-sterile. Inspect the packaging and cable for damage and malfunction prior to use or reuse. Examine the cable for any defects or damage (i.e. bent pins, kinks, nicks, crushed or elongated sections). If any damage or malfunction is identified, do not use the product.

USE AND HANDLING

The product may only be used in a medical treatment facility that has been specifically set up for the appropriate application and by trained staff. The product may only be used if its safe application can be guaranteed. The doctor is responsible for selecting the medically appropriate procedure and method. Refer to the iCONNECT User Guide for cable handling, connection, and instructions for use.

STORAGE

Store the product in its original packaging in a cool, dry place away from light at between 10ºC and 25 ºC. When stored appropriately, the product can be used up to the use before date indicated on the packaging.

ADDITIONAL REQUIRED COMPONENTS

- iCONNECT Electronics Hub
- CARTO® 3 System

CLEANING

The product may be contaminated after use and should be cleaned with a cloth or swab dampened in pH neutral, EPA-approved hospital grade solutions.

DISPOSAL

The CARTO System Cable shall withstand 1000 uses. If damaged or exceeds number of uses, dispose of the product and its residual elements or waste items in accordance with your hospital's regulations regarding disposal.

CONTRAINDICATIONS

There are no known contraindications to this cable.

CAUTIONS

Do not immerse cable connector(s) in fluids.
Patient or operator injury can result from improper handling of the cable.
If the cable is used in the presence of electrical equipment, noise may be induced into the cable.
Do not attempt to repair any damage. In case of doubt, discard the cable and do not use or reuse.

INDICATIONS

The cable is designed to connect the CARTO® 3 System to the appropriate equipment for use with the iCONNECT System.
