ENGLISH

CAUTION: Read the instructions carefully before using the product.

DEVICE DESCRIPTION
The Navistar® Adapter System Cable is a component of the iCONNECT™ System. The adapter cable offers the ability to use the *NAVISTAR* RMT Catheter or *NAVISTAR* THERMOCOOL® RMT Catheter in conjunction with the *iCONNECT* System.

ADDITIONAL REQUIRED COMPONENTS
- *iCONNECT* Electronics Hub
- Biosense Webster Interface Cable C5MHNAVMHS
- *NAVISTAR* RMT Catheter *or*
- *NAVISTAR THERMOCOOL* RMT CATHETER

INDICATIONS
The *Navistar* Adapter System Cable is designed to connect a *NAVISTAR* RMT Catheter or *NAVISTAR THERMOCOOL* RMT CATHETER to the appropriate equipment for use with the *iCONNECT* System.

CONTRAINDICATIONS
The *Navistar* Adapter System Cable has no known contraindications.

HOW SUPPLIED
This cable is provided non-sterile. Inspect the packaging for damage prior to use. Examine the cable prior to use or reuse for any damage or defects (i.e. bent pins, kinks, nicks, crushed or elongated sections). Do not use if any damage or defects are identified.

HANDLING AND STORAGE
The product may only be used in a medical treatment facility that has been set up for the appropriate application and by trained staff. Store the product in its original packaging in a cool, dry place away from light at between 10ºC and 25 ºC. When stored appropriately, the product can be used up to the use before date indicated on the packaging.

CLEANING
The product may be contaminated after use and should be cleaned with a cloth or swab dampened in pH neutral, EPA-approved hospital grade solutions.

DISPOSAL
If damaged, dispose of the product and its residual elements or waste items in accordance with hospital regulations or local government policy.

WARNINGS
- The *Navistar* Adapter System Cable should only be used by trained physicians.
- Dispose of product packaging in accordance with hospital, administrative and/or local government policy.
- If product damage or defects are identified, dispose of the product in accordance with hospital, administrative and/or local government policy.
- No modification of this device is allowed.
- Patient or operator injury can result from improper handling of the cable.
- Failure to abide by the above warnings might result in damage to the product, or result in serious adverse events.

CAUTIONS
- Do not immerse cable connector(s) in fluids.
- If the cable is used in the presence of electrical equipment, noise may be induced into the cable.
- Do not attempt to repair any damage. In case of doubt, discard the cable and do not use or reuse.

INSTRUCTIONS FOR USE
Refer to the *iCONNECT* User Guide for cable connection instructions and operation of the *iCONNECT* System.
