

COOKIE POLICY

This Cookie Policy explains how Stereotaxis, Inc. uses cookies and similar technologies to recognize you when you visit our sites (www.stereotaxis.com, www.roboticarrhythmiacare.com, and www.roboticep.com). It explains what these technologies are and why we use them, as well as your rights to control their use.

What are cookies?

Cookies are text files with small pieces of data that are used to identify your computer as you use a computer network. Specific cookies known as HTTP cookies are used to identify specific users and improve your web browsing experience. When you visit a site again, the cookie allows that site to recognize your browser and may also store user preferences and other information.

Cookies set by the website owner (here, Stereotaxis) are called “first party cookies.” Cookies set by parties other than the website owner are called “third party cookies.” Third party cookies enable third party features or functionality to be provided on or through the website (e.g. advertising, interactive content, and analytics). The parties that set these third party cookies can recognize your computer both when it visits the website at issue and when it visits certain other websites.

Why do we use cookies?

We use first party and third party cookies for several reasons. Some cookies are required for technical reasons for our websites to operate (which we call “necessary” cookies”). Other cookies also enable use to track and target our user interests to enhance the experience on our websites. Third parties serve cookies through our websites for advertising, analytics, and other purposes.

What type of cookies do we use and how do we use them?

A list of our cookies used is included below. The types of cookies include:

- **Necessary.** These cookies are strictly necessary to provide you with the services available through our websites.
- **Performance and functionality cookies.** These cookies enhance our websites’ performance and functionality, but they are non-essential to their use. Without these cookies, certain functionality may decrease or cease.
- **Analytics and customization cookies.** These cookies collect information that is used in the aggregate so we can determine how our websites are used or how effective marketing campaigns are, or to assist us with customizing our websites for you.
- **Advertising cookies.** These cookies are used to make advertising message you see more tailored to your experience.

How can I control cookies?

You can decide whether to accept or reject cookies by clicking on the appropriate opt-out links. You can set your web browser to accept or reject cookies. If you reject cookies, you may still use our website, though accessibility and functionality may be adversely impacted. In addition, most advertising networks offer a way to opt out of targeting marketing, though you may continue to receive generic marketing. You may not opt out of “necessary” cookies due to their essential nature. To opt out of cookies, please contact privacyofficer@stereotaxis.com.

Updates

We reserve the right to change or modify this Cookie Policy at any time. The Cookie Policy is current as of the date reflected above.

Necessary Cookies:

The following are necessary cookies to the functioning of our website. They cannot be turned off. They include cookies that we use to help control secure areas of our site and make sure it is accessible to you. You may be able to set your browser to block or alert you about these cookies, but some parts of our site will not work as a result.

A list of the cookies that run on our sites include:
